Produktbild Cover

Product information

The brown wooden card holder is designed for the stylish presentation of NFC stickers or plates with a diameter of 75 mm and is ideal for desks and counters, e.g. at reception desks or in waiting areas.

Short description

- Wood, walnut
- Format: 106 x 17 x 84 mm
- Cutout: 75 mm
- Indoor use, limited outdoor use

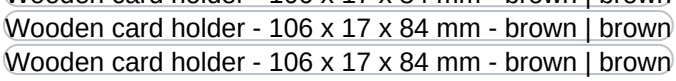

Product description

With its dimensions of 106 x 17 x 84 mm (W x H x D), our wooden card holder is the perfect fit for our NFC plates and stickers with a diameter of 75 mm. It is wedge-shaped and tapers from 17 mm to 10 mm. Made from walnut, the card holder impresses with its natural grain and pleasant feel. The cut-out not only allows the NFC tags to be stored securely, but also makes it easy to replace the contents. Thanks to the deeper notch, the NFC tags can be easily removed and replaced. For a permanent solution, we recommend our NFC tags with a high-quality 3M adhesive layer. As this is a natural product, variations in appearance, such as in color or grain, may occur, making each piece unique.
