# Dogtap Light Small - Digital dog tag - silicone - 50 x 30 mm - pink | pink

## Product information

With the Dogtap digital dog tag, you offer your four-legged friend additional security so that he can be cared for in the best possible way and reunited with you as quickly as possible in an emergency. With just one scan using your own smartphone, the Dogtap provides comprehensive information about you and your dog in a clear dog profile. In this way, you as the owner can be identified and contacted quickly and easily at any time in an emergency.

## Short description

- Digital dog tag Dogtap Light Small
- Made of flexible silicone
- Noiseless and waterproof
- Comprehensive information about dog and owner, e.g. contact details, dog profile, etc.
- Readable via NFC or QR code with any smartphone, without special reader

## Product description

The Dogtap Light is the special alternative to the classic Dogtap Solid tag. The Dogtap Light is made of silicone and is simply pulled over the dog collar or harness. Due to the used material and the special attachment to the collar, the Dogtap Light can convince by its special flexibility and noiselessness. It is a dog tag that accompanies the dog on its adventures without any rattling and clattering. The Dogtap remains permanently reliable, as the integrated NFC chip ensures that your contact details can be retrieved at any time - even if the print fades due to external influences. The Dogtap Light Small measures 50 x 30 mm, with a slot width of 2.5 x 20 mm.

The Dogtap contains an NTAG213 chipset from the leading chip manufacturer NXP. All necessary information about your dog can be easily stored on the chip via our [tap21 web portal](#). The information can be updated by you at any time. The NFC chip is invisibly integrated into the product and protected from external influences. Due to the materials used, the Dogtap Light is a flexible dog tag that cannot be penetrated by water or dirt. The NFC chip can be read by any NFC-enabled smartphone, non-NFC-enabled smartphones can use the printed QR code.

More information and comprehensive instructions on the Dogtap, can be found on the [Dogtap website](#).

## Product properties

<b>Product number</b>	68779
<b>Memory</b>	180 Byte (free: 144 Byte, NDEF: 137 Byte)
<b>Available colours</b>	green, grey, black, blue, red, brown, purple, white, pink
<b>NFC Smart</b>	Yes
<b>Water resistance</b>	waterproof (IP68)
<b>Frequency</b>	13.56 MHz
<b>Chip</b>	NXP NTAG213
<b>Data transfer rates</b>	106 kbit/s
<b>Storage temperature</b>	Min -55°C - Max +125°C
<b>Material</b>	Silicone
<b>Chip standards / ISO Norm</b>	ISO 14 443-3 A, ISO 14 443-2 A
<b>Colour category</b>	violet
