

Product number: 68208

# NFC tag ABS - 40 x 32 mm - MIFARE Classic EV1 1k - 1024 Byte - red | red

## Product information

The robust NFC tag ABS is often used in industrial applications due to its waterproof material and excellent temperature resistance, e.g. for access control on construction sites or for time recording of employees indoors and outdoors.

## Short description

- ABS material, rigid
- Format 40 x 32 mm
- Indoor and outdoor use
- Ambient temperature from -25 to +70 degrees
- MIFARE Classic EV1 1K (1024 bytes)

## Product description

### NFC product

The NFC tag is made of ABS material and measures 40 x 32 mm with a material thickness of 4.3 mm. The NFC tag has a metal ring, making it easy to attach. Thanks to its robust plastic material, the ABS tag is waterproof and therefore ideal for both indoor and outdoor use.

### NFC chip

The NFC tag is equipped with the original MIFARE Classic EV1 1k (MF1S70). The MIFARE Classic 1k has a total capacity of 1024 bytes. The MIFARE Classic EV1 1k is the successor to the MIFARE Classic series and improves on it in several respects (better readability, detection of card attacks). It has a 4-byte non-UID. The NFC chip can be written up to 200,000 times and has a data retention period of 10 years. Despite the improvements over the older MIFARE Classic series, NXP recommends using the MIFARE DESFire series for security-critical applications. The chipset is not compatible with all NFC-enabled smartphones.

- Total capacity: 1024 bytes

## Product properties

<b>Product number</b>	68208
<b>Detail colour</b>	red
<b>Antenna format</b>	22 mm
<b>Functions</b>	4 Byte UID, rewritable
<b>Available colours</b>	green, grey, black, blue, red, orange, white
<b>Dimensions</b>	40 x 32 mm (W x H)
<b>Frequency</b>	13.56 MHz
<b>Material thickness</b>	3,6 mm (T)
<b>Memory</b>	1024 Byte (free: 864 Byte, NDEF: 716 Byte)
<b>Data transfer rates</b>	106 kbit/s
<b>Chip standards / ISO Norm</b>	ISO 14 443-3 A, ISO 14 443-2 A
<b>Data retention</b>	10 years
<b>Number of write operations</b>	100.000 times
<b>Weight</b>	4 g
<b>Chip</b>	MIFARE Classic EV1
<b>Material</b>	ABS
<b>Water resistance</b>	waterproof
<b>Product form</b>	oval
<b>Antenna</b>	Copper
<b>Type</b>	Keyfob
<b>Delivery options</b>	single
<b>Colour category</b>	red
