Dogtap Solid - Digital dog tag - PVC / Metal - 41.6 x 28.5 x 4.6 mm - brown | brown

coe-datasheet-sw6.pdf.productInformation

With the digital dog tag Dogtap, you offer your four-legged friend additional security so that he can be cared for in the best possible way and reunited with you as quickly as possible in an emergency situation. With just one scan using your own smartphone, the Dogtap provides comprehensive information about you and your dog in a clear dog profile. In this way, you as the owner can be identified and contacted quickly and easily at any time in an emergency.

Short description

- Dogtap Solid digital dog tag
- Made of PVC, refined by epoxy layer and metal frame
- Robust and waterproof
- Comprehensive information about dog and owner, e.g. contact details, dog profile, etc.
- Readable via NFC or QR code with any smartphone, without special reader

Product description

The Dogtap Solid is the elegant classic from the Dogtap range. As a chic tag made of PVC, covered with an additional epoxy layer and reinforced by a resistant metal frame, the Dogtap Solid is particularly convincing due to its durability and robustness. Thanks to its compact dimensions (41.6 x 28.5 x 4.6 mm) and the supplied metal ring, the Dogtap Solid can be attached to the collar as easily as conventional dog tags.

The Dogtap contains two NTAG213 chipsets from the leading chip manufacturer NXP. All the necessary information about your dog can be easily stored on the chips via our [tap21 web portal](#). The information can be updated by you at any time. The NFC chips are invisibly integrated in the product and are safe from external influences. Due to the materials used, the Dogtap Solid is a very stable dog tag that cannot be penetrated by water or dirt. The NFC chip can be read by any NFC-enabled smartphone, non-NFC-enabled smartphones can use the printed QR code.

More information and comprehensive instructions on the Dogtap, can be found on the [Dogtap website](#).

Product properties

Product number	68799
Memory	180 Byte (free: 144 Byte, NDEF: 137 Byte)
Available colours	green, grey, black, blue, red, brown, purple, white, pink
NFC Smart	Yes
Detail colour	brown
Product form	Bone
Frequency	13.56 MHz
Dimensions	41,6 x 28,5 x 4,6 mm (W x H x D)
Chip	NXP NTAG213
Material	Metal, PVC
Data transfer rates	106 kbit/s
Storage temperature	Min -55°C - Max +125°C
Colour category	braun
Chip standards / ISO Norm	ISO 14 443-3 A, ISO 14 443-2 A
Operating temperature	Min -25°C - Max +70°C
Data retention	10 years
Type	Dog tag
Refinement	Epoxy
Compatibility	to NFC-enabled smartphones: 100%
NFC Forum Type	NFC Forum type 2
Water resistance	waterproof (IP67)
